5th July 2018

## Exercise Phoenix Runner

Hi everyone, this is me and my dad. I just wanted to let you know that he is taking part in a running event, called Exercise PHOENIX RUNNER on Monday 16<sup>th</sup> July. The event will take place on the Ridgeway and the aim is to continue to build team cohesion within 9 Regiment.

The Ridgeway is the oldest pathway in the UK some 5000 years old, The run will start in Aylesbury, finishing in the south of Swindon and will see many soldiers running distances from 4-13 mile stages. This continues to run through the night until the next day.

There will be 9 check points at which the soldiers can change over and get some well-earned food and drink. All soldiers out on the trail will be collecting money for the

**Friends of Stanton School charity.**

The challenge starts on Monday 16 July at 0600hrs by means of the local mayor coming down to the start. Hopefully finishing the full 86 mile run at 0001 at the finish point in Swindon.

*Good luck Scotty, to you and all the soldiers! Thank you for raising funds for our school!*

*We look forwards to hearing all about it once the challenge has been completed.*

A special crowdfunding page has been created for this event and we hope you will support Scotty and his team and visit the website to offer words of encouragement and to add a little financial support towards his fundraising target.

<https://www.justgiving.com/crowdfunding/scotty-filmer>

The children will get to hear more about course and how it all went in a special assembly scheduled for September.

## The Route
