

## Y1/Y2 Home Learning Mat

Year 1: at least 2 activities      Year 2: At least 3 activities

*The children will have the opportunity to share their home learning towards the end of term. Please ensure home learning is in school by Tuesday 16<sup>th</sup> July. Enjoy!*

Think about what kind of house you would live in if you were in the rainforest. Build a model of your house and write a description of it explaining why it looks the way it does.

Take a trip to your local beach with a grown up. Can you draw a sketch of something you find at the beach. This could be a rock, shell or maybe even a crab!

Design a mask of your favourite rainforest animal. Think about the different features the animal has. Can you share why it is your favourite rainforest animal?

Using books or the internet, can you find out three facts you would like to share with the class about the rainforest?

Rainforest in a box:  
Using an empty box or old shoe box, create your own rainforest. You can use real plants or create your own. Don't forget to include the animals! What will your rainforest look like?

Create a poster that tells people how to stay safe at the beach. What do people need to protect themselves from the sun? What do people need to wear if they swim in the sea? Make your poster informative.

Paddington's rainforest and seaside explorers!
