

EYFS Home Learning Mat

Reception children to complete at least 1 activity from the mat this term.

The children will have the opportunity to share their home learning towards the end of term. Please ensure home learning is brought to school by Tuesday 16th July. Enjoy!

Draw a picture of your favourite rainforest animal.

Can you use your sounds to label your animal?

Take a trip to your local beach. Can you find different size shells and order them from biggest to smallest?

Read a book that has animals in with your grown up. Think about how the animals in your book are different from some of the animals that live in the rainforest.

Rainforest in a box:

Using an empty box or old shoe box, create your own rainforest. You can use real plants or create your own. Don't forget to include the animals! What will your rainforest look like?

Create a snake. This can be any snake you like; you can draw your snake, paint it, stuff a sock or used any unwanted cardboard. What will your snakes name be?

Write a list of everything you would need to take to the beach with you.

Paddington's rainforest and seaside explorers!
