Parent Pay for payments and school communications Setting up Notifications

As we learn more about this new software, it appears that parents need to “set up notifications” on their online profile. Once set up you will be notified when payments are required. If this is not set up correctly, the only way to find out if there is a payment needed, for trips, music, clubs etc is by logging into your account on a regular basis.

Many thanks for your continued support.

Craft Club & Opportunities Club

Advance Notice

Please note that Craft and Opportunities clubs will NOT run on **Wednesday 1st November 2017**. This is due to compulsory staff training.

We apologise for any inconvenience.

A note from the School Governors

A warm welcome back after the summer holidays and an especially warm welcome to our new families joining us for the first time, whether you are joining in reception or other years throughout the school, I hope you've had a great start to the year.

As governors, we take an active role in many aspects of the school. This includes ensuring the facilities are well maintained and the finances balance, to supporting and challenging Mrs Winterburn and the teaching staff to help all of our children get the very best out of their time at Stanton.

If you ever want to reach out to speak with a governor, please feel free, the governors are always here to support in any way they can.

You can find out more about the school governors, including contact details, on the school website.

I hope that the run into Christmas doesn't go by in too much of a blur!
