6<sup>th</sup> November 2020

Dear Parents/Carers

We appreciate that the coming term will present challenges for us all within the school community. In order to ensure continuity of education, irrespective of Covid-19 related illness or self-isolation, we will provide remote learning for our pupils in the following scenarios:

		Applicable if:
<b>Scenario One</b>	Pupil absent due to the need to self-isolate	<ul style="list-style-type: none"><li>• Pupils are symptomatic and awaiting test results</li><li>• Pupils are self-isolating because a member of the family is symptomatic or there is a positive test within the household</li><li>• Pupils are self-isolating because track and trace have informed them this is necessary</li></ul>
<b>Scenario Two</b>	Bubble Closure or whole school closure	<ul style="list-style-type: none"><li>• Whole class is in isolation due to a positive test result within the class or bubble</li></ul>

**Scenario One: Self-isolating – structured remote learning will be provided from the third day of absence**

For the first 2 days, pupils should: read daily, learn spellings, practise on number facts including Times Tables and access resources from Oak National Academy – see below for links.

By 9pm on Day 2 of absence, work will be emailed ready for you to access on the third day.

Please remember that the class teacher will still be teaching the rest of the class and will need time to prepare remote learning and will not be able to reply to emails during the teaching day.

**Scenario Two – Bubble Closure**

Remote Learning will be posted on the school website. Links to lesson videos and supporting resources will be available on Seesaw.

All lesson content for the day will be available within 48 hours of parents and carers being informed that a class bubble has to close.

The children's work should be uploaded to Seesaw. Teachers will provide feedback on Maths and English and a comment on the wider curriculum tasks, if applicable. Completed work should be organised in books or on paper sent home for this purpose.

Please note that in the case of teacher illness, this offer will be more limited.

Thank you for your continued support.

Kind regards,

Sarah Matthews

## Frequently Asked Questions

**What if my child does not have access to a computer at home?**

*Please contact us as we may be able to loan out a school laptop for them to use. We will do our best to provide an alternative activity or practise that can be done without the use of a computer/tablet or phone when possible - see learning pack for more details.*

**What do I do if I do not have a printer?**

*Where possible your child will have their books to record their learning in but if that is not possible they can record their learning on paper.*

**Where can I find my child's home learning?**

*In the event of a full school closure or the closure of a whole class the remote learning for the week will be available on the school website by 9am Monday morning under Remote Learning and your child's class.*

**How many hours a day does my child need to do a day?**

*It is best to do a few hours each day – where possible keep to a school day.*

**Can my child choose to do other activities?**

*The learning set by teachers is aligned to school curriculum to ensure coverage and progress. Therefore we recommend completing activities set by the teachers. However, if you finish these activities then Where appropriate, will try to give children opportunities to be involved in their learning and have some choices within the learning set.*
